

HRC: Cars, Trucks and Chicano Art

April 27 to June 15, 2006

A year-long celebration of Latino arts and culture throughout Tempe and ASU.

"Red and Gold Lowrider" by Carlos Santistevan, Mixed Media Shoe, 2001

"Frutas y verduras" by Frank Romero

Cars and trucks are more than simple modes of transportation. Many Chicana/o artists use cars and trucks to make statements about culture, community and family.

The exhibition was curated from the collections of the Hispanic Research Center at Arizona State University and local collectors.
